

Entering Annual School Census Data

STEP 1 Select the Data Entry App

1 Select the app menu

2 Select the data entry app

STEP 2 Select your data entry form details

1 Select your school from the left side of the screen
Use the dropdown menus
OR search using the magnifying glass

2 Select your data set from the dropdown menu

3 Select your period from the dropdown menu

4 The data entry form will appear

STEP 3 Enter your data

1 Use the left menu to navigate to sections within the data entry form

2 Enter your data in each field

3 For cells with numbers – use your keyboard.
Tab/Enter moves to the next cell.
Shift + tab goes back one cell.

4 For dropdown menus and yes/no answers – use your mouse cursor

5 Data is saved automatically – there is no save button
Colours: Green: Saved,
Yellow: Save in progress
Red: Error (not saved)

6 When you are done, select complete. This will run the validation rules and mark the form as finished
